

MOLNAR MANX **95 BORE ENGINE SPECIFICATION**

Developed in conjunction with Fred Walmsley Developments, the 95 bore Molnar Manx has been the machine to beat in the last few seasons. Winning 6 out of the last 7 International Classic British Grand Prix support races, the 2000, 2002 & 2006 Classic Senior Manx Grand Prix, the InCA 2002 European Championship, FIM 2003 Classic World Series and numerous other International events. The late and sadly missed double world champion Barry Sheene chose the FWD Molnar Manx 95 bore for his personal machine to campaign in Classic events, the best endorsement you can get.

All parts are machined from original castings to ensure authentic appearance.

95mm bore x 70.38 stroke = 499cc

Pressed up crank assembly, with integral mainshafts, made from EN36 forgings hardened and ground all over. 40mm parallel pin and INA needle roller big end bearing with titanium con rod. Alternative one-piece EN40 crank with Carillo con rod.

Special forged 2 ring piston, running in a ceramic bore in a lightweight barrel casting. Maximum safe RPM = 9,000.

Cambox and cylinder head valve angle reduced to 60° inclusive with valves re-positioned to suit. Inlet port and combustion chamber totally re-designed. Twin 10mm spark plugs.

Almost every part has been worked on to reduce the weight of the engine to 77 pounds (35 kg) excluding magneto and carb.

<u>'Works' Specification 95 Bore Manx Norton Classic Racer</u>	<u>Price . £</u>
Built 95 Bore full specification engine with electronic ignition.	12,375.00
40 FF Gardner carb, manifold float chamber, cables, twist grip etc.	640.00
6 speed gearbox, all magnesium.	2,450.00
Lightened engine plates, bolts/studs & gearbox mountings.	380.00
Lightened clutch, belt drive & cover.	680.00
MPL 'Featherbed' frame, swing arm & Maxton shocks.	2,350.00
Lightweight 'Roadholder' forks	1,040.00
Magnesium yokes & hydraulic steering damper.	530.00
210mm Fontana hub, mag shoes, rim, tyre, tube, spindle etc.	1,950.00
Conical rear hub, floating brake, rim, tyre, tube, spindle etc.	1,820.00
Final drive chain, sprockets.	110.00
Footrests, brake, gearlever, wheel adjusters, handlebars & levers, cables & torque stays	660.00
Carbon mudguards, seat, mountings.	230.00
Polished alloy petrol & oil tanks & mountings	1300.00
Scitsu tacho	135.00
Carbon fairing & mountings	430.00
Lightweight stainless silenced exhaust system & mountings	500.00
Building, ancillaries, running in on our dyno	1,500.00
GRAND TOTAL	29,080.00
