BELT PRIMARY DRIVE

We manufacture a range of superb Belt Drive Kits for Norton's utilising 30 or 40mm wide HTD belts & Commando clutch parts. The pulleys are made on our precision CNC machines from solid dural, are hard anodised and identical to those used with considerable success on our own race bikes since 1986.

30mm Norton Kit.....	250.00 ea
40mm Norton Kit.....	260.00 ea
Manx Type Kit Complete with Clutch.....	470.00 ea

MISCELLANEOUS NORTON ENGINE PARTS

MANX® NORTON ENGINE PARTS

We own the rights to the Manx Norton and can supply complete engines from £ 9,100.00, as well as all component parts, which are manufactured to the original drawings. A Manx Catalogue is available on request.

LUBRICANTS

We use and thoroughly recommend Morris Lubricants for all our road and race engines. Due to the weight any order for oil costs £10.00 plus VAT to send as it has to go by carrier, but any other items will be sent free of carriage charge if ordered with oil.

MLR40	Castor Oil. The only engine oil for Manx, G50 & 7R, 5 litre can.....	26.00
Elite 40	Monograde ideal for Classic road bikes, 5 litre can.....	13.00
Race Gear Oil	75 weight fully synthetic, low drag, 1 litre bottle.....	6.00
Race Chain lube	Brilliant stuff! Clear aerosol, 'pongs' a bit but sticks like the proverbial, 200ml aerosol.....	3.00

There is now a North America distributor for Morris Lubricants. The contact is Robert Bauer at Classic Oil Supply. Phone & fax 804 261 4140, Email classicoilsupply@aol.com

TRIED & TESTED....Not only have we been selling these parts for several years, with customers all around the world, many of the parts are also used on my own championship winning racing Norton's. All our components are de greased after manufacturing and components such as wheel spindles and nuts, steering column nuts, fork top nuts, fork seal holders etc. must be lubricated with a copper bearing grease prior to fitting.

Whilst we ensure that our parts are made to the highest standards, as the fitment and use are outside our control, and as use for racing is likely to ultimately result in failure, we can accept no liability whatsoever for damage arising from such failure. This is a condition of our business which you are deemed to have accepted upon purchasing parts from us. However, if on receipt of goods purchased from Molnar Precision Ltd. you are not totally satisfied with the quality of workmanship we will be happy to supply replacements or refund any monies paid.

DELIVERY....We try to keep all parts in stock all the time, but this is not technically possible. We usually have about 98% stocks, these are always changing. All parts in stock are sent immediately, out of stock items are sent as they are made, this can take up to 3 months depending on our production schedule, so please plan ahead and order early.

TO ORDER....PLEASE USE THE ORDER FORM PROVIDED. State full machine details, check your arithmetic and that your address is legible. Do not use an out of date price list. If you ensure that your order is clear and correct we can despatch it more quickly. PLEASE NOTE: most of our business is mail order and this makes us vulnerable to fraud, therefore our credit card clearing company will NOT allow us to take telephone orders. Orders by fax, post or email are all acceptable.

Remember P&P costs: Under £60 + 10%, Minimum £2.00. Over £60 + 8%, Maximum £10.00.
Overseas charged at cost if paid by card, or add 25% on prepaid orders.

U.K. & E.C. CUSTOMERS MUST ADD VAT AT THE CURRENT RATE

ORDER ENQUIRIES.... If you have any problems with your order, if you are unhappy with our products or services, or if you just want to compliment us, we will be pleased to hear from you, all letters receive our personal attention, but if you need a reply to an enquiry you must send an SAE, alternatively you can phone on 01772 700700 or fax 01772 705075, email sales@manx.co.uk Our office hours are 9.00am to 5.00 pm Monday to Friday, the ansaphone & fax are on at all other times, and of course email is 24/7.

PERSONAL CALLERS....This is an engineering shop & mail order operation, personal callers can only be accommodated by prior appointment.
