UPF70	Girling top spring cover, black enamelled stainless .....	29.00 ea
UPF71	Collets retaining Girling top covers (4).....	6.60 set

**THIS LIST....** is specially produced for the Triumph 1950 - '68 twins, nothing else. Please do not order parts that are not stated as suitable for your machine, it is no good ordering pre unit parts for a unit machine & vice versa.

We believe that not only are our Stainless Steel parts of the highest quality on the market, but also are the best value available. This has been achieved by producing all these special parts in economic batch sizes in our own precision engineering workshop. Here we have combined substantial investment in sophisticated machine tools with traditional skills and, as the largest manufacturer of Stainless Steel motorcycle parts, the ability to buy top quality materials at the lowest prices.

Items on the list marked \* are polished, the remainder come with a bright natural finish. Screw sets marked + contain one or more screws which may have to be cut to the correct length. It may be of interest to you to know that the appearance of Stainless Steel can be changed, polish to look like chrome plate, all our parts contain more than 18% chromium by weight, or shot blast to look like cadmium plate. All our components are de greased after manufacturing and components such as wheel spindles and nuts, steering column nuts, fork top nuts, fork seal holders etc. must be lubricated with a copper bearing grease prior to fitting.

All items are individually bagged and labelled for your easy identification, this is done as a result of customer feedback, which we welcome.

**TO ORDER....** PLEASE USE THE ORDER FORM PROVIDED. State full machine details, check your arithmetic and that the address is legible. Do not use an out of date price list. If you ensure that your order is clear and correct we can despatch it quickly. **PLEASE NOTE: most of our business is mail order and this makes us vulnerable to fraud, therefore our credit card clearing company will NOT allow us to take telephone orders. Orders by fax, post or email are all acceptable.**

Remember P&P costs: Under £60 + 10%, Minimum £3.00. Over £60 + 8%, Maximum £15.  
Overseas charged at cost if paid by card, or add 25% on prepaid orders.

**U.K. & E.U. CUSTOMERS MUST ADD VAT AT THE CURRENT RATE.**

**DELIVERY....** It would be nice if everything was in stock all the time, but that is not always technically possible. All parts in stock are sent immediately, please allow 21 days from sending your order. Out of stock items are sent as they are made.

**ORDER ENQUIRIES....** If you have any problems with your order, if you are unhappy with our products or services, or if you just want to compliment us, we will be pleased to hear from you, all letters receive our personal attention. Alternatively you can phone on 01772 700700 or fax 01772 705075, email sales@manx.co.uk Our office hours are 9.00am to 5.00 pm Monday to Friday, the answerphone & fax are on at all other times, and of course email is 24/7.

**PERSONAL CALLERS....** This is an engineering shop & mail order operation; personal callers can only be accommodated by prior appointment.

## Payment Options and Information

### Payment – UK Customers

Our preferred method of payment for UK customers is Delta or debit card; there is no service charge for this method. Cheques are also accepted and must be payable to "Molnar Precision Ltd." We are happy to accept payment by Credit card, but note that a 4% service charge will be applied.

### Payment – Overseas Customers

The easiest method of payment is by credit card; we accept Visa & MasterCard. If you choose this method of payment you must give us the cardholder name, address, the card number and expiry date, the security code from the signature strip and sign the order form. There is a service charge of 4% if you choose this method of payment.

Because of this service charge, for larger amounts you may prefer to transfer sterling payment direct to our business account:

Royal Bank of Scotland, 97 Fishergate, Preston, Lancashire, PR1 2DP England.  
Molnar Precision Ltd  
Account Number 10380867  
Sort Code 16 28 33  
BIC: RBOS GB 2L  
IBAN: GB49 RBOS 1628 3310 3808 67

Our bank will charge us £7.00 to receive the payment so you must add this to the order total. You must also check the box to pay your banks charges when you request the transfer.

Cheques, drafts and money orders drawn in sterling are all acceptable; your bank will make a charge for this.

**Sorry, but because of the variation in exchange rates we are not able to accept payment in currencies other than £ sterling.**

### V.A.T.

List prices do not include VAT, and there is no VAT on goods exported to countries outside the EC, so omit this line from your calculations on the order form. If you ask us to send goods to an address in the UK, you have to pay VAT and this cannot be reclaimed, even if you subsequently export the goods. If you collect goods from us during a visit to England you will have to pay VAT and reclaim it under the retail export scheme.

VAT has to be paid on goods exported to countries within the EC, unless you quote a valid VAT registration number.

### Credit Notes

If you make an overpayment we will send a credit note which can be used for the purchase of goods at any time in the future, there is no time limit, but you must return credit notes if you use them as part payment for an order.

### Delivery

We try to maintain 100% stock on all listed items, but this is not always possible. Usually ex stock items will be sent immediately, out of stock parts will be manufactured and sent as soon as available. If for any reason there is likely to be a lengthy delay in delivery of your order we will write and let you know the reason for the delay, and when we expect to deliver.

### Postage, Packing and Insurance

There is now very little difference in the cost of air and surface mail, and we cannot insure goods sent by surface, so we will usually send goods by air mail, or FedEx if the order value is sufficient.

If you pay by credit card we weigh the package and charge postage at the appropriate rate. If you choose another method of payment you must add 25% of the goods value to cover postage. Please note minimum post charges:

Europe: £5.00  
Northern Hemisphere: £10.00  
Southern Hemisphere: £15.00

If you do make an overpayment on postage costs we will send a credit note. Your order should be with you within a couple of weeks, if you have not heard anything from us within 4 weeks of sending your order, please contact us.

We hope that the above answers any queries you may have, if you have any further questions please do not hesitate to contact us. Our fax is in operation 24 hours a day and there is an answerphone when the office is closed. Our email address is [sales@manx.co.uk](mailto:sales@manx.co.uk)

## Additional Information
